

CRIME INVESTIGATION — EVIDENCE REPORT

Case Reference: CHN-2025-FR-0034

Prepared by: EOW Team: Inspector Meenakshi Sundaram, CA Raghunath (Forensic Auditor)

Date: Evidence Logged: 8 November 2025

1. Documentary Evidence

Item E-001: Company registration documents showing Subramaniam Pillai as MD and Kavitha Subramaniam as Finance Director, with a third nominee director. Item E-002: 340 investor passbooks and investment receipts collected from complainants, confirming total investment amounts and promised return schedules. Item E-003: Bank statements from 8 company accounts across 4 banks showing collection and disbursement patterns consistent with a Ponzi scheme. Item E-004: Internal Excel sheets recovered from a company laptop showing two sets of accounts — official books showing a profit and a hidden sheet showing the actual deficit, confirming deliberate fraud. Item E-005: Marketing brochures, website domain registration records, and printed investment agreements — all part of the fraudulent scheme's presentation.

2. Digital and Financial Evidence

Bank transfer records show Rs. 1.4 crore moved to accounts in Subramaniam Pillai's wife's name (Saraswathi Pillai) between 15 and 27 October 2025. Rs. 80 lakh transferred to Greenfield Enterprises Pvt. Ltd., a Bengaluru shell company with no genuine business activity — linked to Kavitha Subramaniam's brother, Ramesh Kumar. CCTV from the company's Anna Nagar office shows the MD and Finance Director removing files and a laptop bag on the evening of 27 October 2025 — the day before the office was found closed. Email records recovered from the company server show communications between Subramaniam Pillai and a chartered accountant, Prakash Iyer, discussing how to structure fund transfers to avoid detection.

3. Witness Statements

Witness 1 — Ramamurthy (Lead Collection Agent, Tambaram): States he recruited investors in good faith believing the scheme was legitimate. Produced his own investment of Rs. 2 lakh as evidence. Cooperating fully with investigation. Witness 2 — Sundari Krishnan (Investor, Velachery): First investor to file a police complaint. Invested Rs. 5 lakh — life savings of herself and her husband. States she was referred by a collection agent and shown an RBI registration document that has now been confirmed as forged. Witness 3 — Office peon Muthu: States that Subramaniam Pillai and Kavitha Subramaniam were present in the office until 9 PM on 27 October removing documents. Confirms that a third individual he did not recognise was also present helping carry boxes out of the office.

4. Forensic Audit Findings

Forensic auditor CA Raghunath confirmed that the company's books were deliberately falsified — showing fictitious revenue from non-existent investments. The double-ledger Excel sheets confirm premeditated fraud rather than business failure. The RBI registration document shown to investors was confirmed as forged — the registration number does not exist in RBI records. Enforcement Directorate has provisionally attached assets worth Rs. 62 lakh belonging to Subramaniam Pillai, including a flat in Adyar and a vehicle.
