

CRIME INVESTIGATION — SUSPECT PROFILES

Case Reference: BLR-2025-KD-0012

Total Suspects: 8

Each suspect profile begins with 'SUSPECT: Name' as required by the Crime Investigation DSS.

SUSPECT: Deepak Rao

Deepak Rao, age 41. Former Senior Manager at Mehta Pharma Pvt. Ltd., terminated 6 weeks before the incident following embezzlement allegations raised by the victim's father Sunil Mehta. Made verbal threats against Sunil Mehta witnessed by at least 3 office colleagues after his termination. Visited the Mehta residence uninvited 10 days before the kidnapping and was turned away angrily, confirmed by the family driver Raju. Has detailed knowledge of the Mehta family's schedule, Rohan's school timings, and the colony layout from his years as a trusted employee. Height: 5 feet 8 inches — matches CCTV description. Was seen wearing a grey shirt at his last known public appearance. Owns a vehicle but claims it was at a garage for service on the day of the incident — garage receipt submitted but dates appear altered on closer inspection. No verified alibi for 4:00 PM to 6:00 PM on the incident date. Fingerprints on file from a prior civil case. Prior fraud complaint filed against him by a former employer in 2021. Strong motive: revenge against Sunil Mehta for public termination and damage to career reputation.

SUSPECT: Jagdish Patel

Jagdish Patel, age 55. Former business partner of Sunil Mehta. Filed a fraud complaint against Sunil Mehta two years ago claiming Rs. 80 lakh was misappropriated from their joint venture. The complaint was dismissed but Jagdish remained bitter. Has made public statements about seeking revenge against Sunil Mehta. Financial records show Jagdish has been under severe financial stress — three loan accounts declared NPA in the past year. Alibi: claims he was in Mumbai for a business meeting on the incident date. Flight tickets submitted, but the flight departed at 6:45 PM — meaning he could have been in Bengaluru until 5:30 PM. No alibi confirmed for the critical 4:00–4:30 PM window. No prior criminal record. Motive: financial desperation and long-standing grudge against Sunil Mehta.

SUSPECT: Karthik S

Karthik S, age 28. Domestic driver employed by the Mehta family for 2 years. Had detailed insider knowledge of Rohan's school schedule, bus timings, and the colony gate routine. Was supposed to pick up Rohan from the bus stop on the day of the incident but claims he received a call from Priya Mehta cancelling the pickup — a call Priya Mehta denies making. Phone records show an incoming call to Karthik at 3:50 PM from an unregistered number, not from

Priya Mehta's phone. Has an outstanding personal loan of Rs. 3 lakh. Was seen near the colony area at an unusual time by a neighbour. Gave inconsistent statements about his whereabouts between 3:30 PM and 5:00 PM. No prior criminal record. Motive suspected: paid informant or direct involvement for financial gain.

SUSPECT: Ramesh Gowda

Ramesh Gowda, age 35. Known associate of Deepak Rao. Both attended the same college and have maintained contact. Has a prior case of vehicle theft filed against him in 2022, charges eventually dropped. The stolen Maruti Ertiga used in the kidnapping was recovered from a godown that Ramesh Gowda's cousin owns — though the cousin claims no knowledge of the vehicle being stored there. Cannot account for his movements on the afternoon of the incident. Phone shows contact with Deepak Rao on 1 and 2 September 2025. No confirmed alibi. Motive: likely an accomplice acting on Deepak Rao's instructions.

SUSPECT: Priya Mehta

Priya Mehta, age 38. Victim's mother. Reported the kidnapping to police. Cooperating fully with the investigation. No known personal motive. Life insurance on Rohan's name does not exist — ruling out insurance motive. Alibi for the time of the kidnapping: confirmed at a kitty party at a friend's residence in Indiranagar from 2:00 PM to 5:30 PM, confirmed by 6 independent witnesses and the host's home CCTV. Treated as primary witness, not a suspect. No prior record. No financial or personal conflict detected.

SUSPECT: Arun Sharma

Arun Sharma, age 44. Director at Axis Life Sciences — Mehta Pharma's competitor in the ongoing patent dispute. The patent case has been financially damaging for both parties. Investigators noted that Axis Life Sciences stands to benefit if Sunil Mehta is distracted or forced to settle. No direct evidence linking Arun to the kidnapping. Alibi: was at a board meeting in Delhi from 2 September to 5 September 2025, confirmed by meeting minutes, hotel records, and 4 board members. No physical evidence. No prior criminal record. Low direct suspicion but noted as a party with indirect motive.

SUSPECT: Suresh Nayak

Suresh Nayak, age 30. Security guard at Prestige Lakeside Habitat colony gate. Was on duty at the time of the kidnapping. CCTV shows him looking away from the gate during the 4:10–4:13 PM window when Rohan was approached and taken. Claims he stepped away briefly to use the restroom. Fellow guard on duty does not recall seeing Suresh move away from his post. Phone shows an incoming call at 4:08 PM from an unregistered number — possibly a distraction call. Has a gambling debt of approximately Rs. 1.2 lakh. Could have been bribed to look away at the critical time. No prior criminal record. Motive: financial pressure.

SUSPECT: Meena Bai

Meena Bai, age 45. Housekeeper employed at the Mehta residence for 4 years. Had full knowledge of family routines, Rohan's school timings, and visitor patterns. Completely cooperative with police. Character confirmed by multiple residents and the Mehta family themselves as trustworthy. Strong alibi: was inside the Mehta residence the entire afternoon confirmed by interior CCTV and Priya Mehta's household staff logbook. No personal motive identified. No financial irregularities. No prior criminal record. Fully accounted for throughout the incident window.
